PROFESSIONAL EXPERIENCE

Junior Software Developer | EQUAL ERP Private Limited, UL Cyberpark, Kozhikode, Kerala · Full-time · On-site / *Aug 2025 – Present*

• Develop and maintain ERP frontend modules across HRMS, Leasing, and Maintenance using React.js, JavaScript (ES6+), Ant Design, and Zustand.
• Independently developed the Vehicle Management frontend for EQUAL ERP HRMS, implementing end-to-end workflows, CRUD operations, form validation, error handling, multi-level approvals, REST API integration, and unit testing.
• Implemented interactive HRMS dashboards using AntV to visualize attendance, leave, working hours, employee metrics, and other key HRMS data.
• Improved code maintainability and UI performance through reusable components, React Hooks, and consistent coding patterns.
• Collaborated with senior developers, QA, and project managers to troubleshoot issues, resolve bugs, and deliver client-specific ERP enhancements.
• Used AI-assisted development tools, including VS Code AI Agent and Codex, to support coding, debugging, and task delivery.

INTERNSHIP EXPERIENCE

Full-stack Developer Intern | RDL Technologies Pvt Ltd, Sahyadri Campus, Adyar, Karnataka · On-site / *Mar 2024 – Sep 2024*

- Built a Digital Check Sheet Management System using React.js, Material UI, Node.js, Express.js and MySQL.
- Developed REST APIs and implemented JWT authentication and role-based access control (RBAC), and managed version control with Git.
- Handled debugging, feature development, testing, and cross-team collaboration to ensure smooth project delivery.
- Applied best practices in software development, including SDLC, agile collaboration, and API testing with Postman.

SKILLS

- Frontend: React.js, JavaScript (ES6+), Ant Design, Material UI, HTML5, CSS3, Tailwind CSS
- React Patterns: React Hooks, Zustand, reusable components, form validation, code splitting, UI performance optimization
- Backend: REST APIs, Node.js, Express.js
- Databases: MySQL
- Tools & Practices: Git, Postman, VS Code, Agile, SDLC, AI-assisted development
- Additional: TypeScript (Basic), Python (Basic)
- Domain Knowledge: ERP, HRMS, Property Management, Fleet Management, Leasing, Maintenance, Procurement

PROJECTS

EQUAL ERP – HRMS Software | Production | 2025 - Present

- Customized and enhanced HRMS modules, including Employee, Leave, Attendance, Payroll, Insurance, Asset, Fleet, Performance, and Reports, to meet client-specific requirements across multiple implementations.
- Developed interactive dashboards via REST API integration, visualizing attendance, check-in/out, missed punch, leave, and event calendars.
- Implemented multi-level approval workflows, dynamic forms, validations, and English–Arabic language switching using react-i18next.

EQUAL ERP – Property Management Software (Real Estate) — Production · 2025 - Present

- Supported multi-client ERP implementations across Leasing, Maintenance, HRMS, Finance, and Procurement for UAE-based clients.
- Contributed to frontend architecture improvements, reusable components, API error handling, production bug fixes, and UI performance optimization.

RDL Digital Check Sheet Management System (DCS) | MCA Industry Internship Project | 2024

- Built a full-stack inspection management application with role-based access for administrators, organizations, and employees, including interactive dashboards.
- Tech Stack: React.js, Material UI, CSS, Node.js, Express.js, MySQL

Bharath Enterprises | E-commerce Website | 2023

- Developed an e-commerce website enabling users to browse products, place orders, and complete purchases via online payment functionality.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap, Python Django, SQLite.

EDUCATION

- **Master of Computer Applications (MCA) | Aug 2022 – Sep 2024**
  St. Aloysius Institute of Management & IT (AIMIT), Mangalore (Mangalore University)
- **Bachelor of Science in Computer Science | Jul 2019 – Apr 2022**
  College of Applied Science (IHRD), Manjeshwar (Kannur University)
