PROFESSIONAL SUMMARY

Software Developer with 1+ year of experience building ERP frontend modules and web apps using React.js, JavaScript (ES6+) and Zustand. Skilled in REST API integration, UI performance optimization, with working knowledge of Node.js, MySQL, adaptable to end-to-end development.

SKILLS

- **Frontend:** React.js, JavaScript (ES6+), TypeScript (Basic), HTML5, CSS3, React Hooks, Responsive Web Design
- **State Management & Data:** Zustand, REST API Integration, Error Handling
- **UI Libraries:** Ant Design, Material UI, Bootstrap, Tailwind CSS, AntV (Data Visualization)
- **Backend & Database:** Node.js, Express.js, REST APIs, RBAC, MySQL
- **Tools and Practices:** Git, Postman, VS Code, Agile, SDLC, Unit Testing, Debugging, AI-Assisted Development
- **Domain Knowledge:** ERP, HRMS, Property Management, Maintenance, Procurement
- **Professional Skills:** Team Collaboration, Communication, Problem-Solving, Working with Minimal Supervision

PROFESSIONAL EXPERIENCE

Junior Software Developer - React.js | EQUAL ERP (Tranetech Software Solutions) Pvt Ltd, UL Cyberpark, Kozhikode, Kerala | Aug 2025 - Oct 2026

- Engineered and maintained frontend modules for EQUAL ERP (HRMS and Real Estate) across multi-client implementations.
- Independently delivered the Vehicle Management frontend for EQUAL HRMS, covering vehicle master, assignment, return/disposal, service work orders and multi-level approvals with REST API integration and unit testing.
- Implemented interactive HRMS dashboards with AntV to visualize attendance, leave, working hours and employee metrics.
- Improved maintainability and UI performance through reusable components, React Hooks and consistent patterns.
- Collaborated with senior developers, QA and project managers in an Agile environment to resolve bugs and deliver client-specific enhancements.
- Used company-provided AI-assisted development tools (VS Code AI Agent, OpenAI Codex) to accelerate coding, debugging and task delivery.

PROJECTS

EQUAL ERP: HRMS and Property Management (Real Estate) Software | UAE Clients | 2025 - 2026

- Delivered frontend for end-to-end HRMS modules: Employee, Attendance, Leave, Payroll, Asset, Vehicle and Performance.
- Built dynamic forms and CRUD screens with validation, search, filters, sorting, pagination and export using reusable React.js components.
- Delivered data-driven interactive dashboards for attendance, check-in/out, missed punch, leave and event calendars using AntV.
- Implemented multi-level approval workflows, role-based access, PDF print views and English-Arabic localization using react-i18next.
- Optimized UI performance across HRMS, Maintenance and Procurement modules; contributed to the frontend architecture and API error handling of a new project.
- **Tech Stack: React.js, JavaScript (ES6+), Ant Design, Zustand, REST APIs, Git**

RDL Digital Check Sheet Management System (DCS) | MCA Industry Internship Project | 2024

- Engineered a full-stack web application with role-based access to manage daily, weekly and monthly inspection templates, with real-time data tracking and interactive dashboards for administrators, organizations and employees.
- **Tech Stack: React.js, Material UI, CSS, Node.js, Express.js, MySQL**

Bharath Enterprises E-commerce Website | Academic Project | 2023

- Created an e-commerce website where users browse products, place orders and pay online.
- **Tech Stack: HTML, CSS, JavaScript, Bootstrap, Python Django, SQLite**

INTERNSHIP EXPERIENCE

Python/Odoo Developer Trainee | Cybrosys Technologies Pvt Ltd, Kozhikode, Kerala | Feb 2025 - Apr 2025

- Trained on Odoo 18 ERP covering business workflows, ERP concepts and functional processes.
- Delivered live demonstrations of the Sales, Purchase and Inventory modules, showing end-to-end workflows.
- Strengthened Python scripting, PostgreSQL and Linux skills through coding tasks and code reviews.

Full-Stack Developer Intern | RDL Technologies Pvt Ltd, Sahyadri Campus, Adyar, Karnataka | Mar 2024 - Sep 2024

- Built a Digital Check Sheet Management System using React.js, Material UI, Node.js, Express.js and MySQL.
- Developed REST APIs and implemented JWT authentication and role-based access control (RBAC), and managed code with Git.
- Debugged issues, shipped features and collaborated across teams to ensure smooth project delivery.
- Applied best practices in software development, including SDLC, agile collaboration, and API testing with Postman.

EDUCATION

Master of Computer Applications (MCA) | St. Aloysius Institute of Management & IT (AIMIT), Mangalore University | Aug 2022 - Sep 2024

Bachelor of Science in Computer Science | College of Applied Science (IHRD), Manjeshwar, Kannur University | Jul 2019 - Apr 2022
